COVID-19 Update

To our valued customers,

Ice Qube is considered a critical supplier to life-sustaining companies. We are open for business as usual. We are quoting, accepting orders, and producing products in our usual manner. Lead times are approximately 1 week for ordinary locations air conditioners, heat exchangers, fan systems and thermal electric products. Hazardous locations air conditioners and heat exchangers are 1-2 weeks lead time. We are doing our part to prevent the spread of the COVID-19 virus and hope all our customers are staying safe and healthy during these unusual times.

I would like to take this time to thank all our customers for your ongoing support.

Sincerely,

A handwritten signature in blue ink, appearing to read "Scott Palmer".
